LSTM
LIVERPOOL SCHOOL
OF TROPICAL MEDICINE

125 years of impact.

Since 1898, the Liverpool School of Tropical Medicine has worked to break the cycle of poor health and poverty across the world.

Our unique position and extensive network of partnerships means that we impact health in the poorest communities, whether in Merseyside or Malawi.

Our 125 Anniversary in 2023 is an opportunity to celebrate a unique institution. It is also an opportunity for us to consider the global health challenges of the next 125 years.

Our vision, created with partners and colleagues around the world, aims to develop the scientific and healthcare workforce who will lead the solutions.

By focussing our efforts on the poorest communities, we will support the development of more resilient health, new knowledge and capacity to create healthier and safer futures for all.
