Additional Notes:

Flexible Payment Plans

Instalment plans can be tailored based on the modules you register for each year and the study duration. The above examples are indicative of typical 2- and 3-year schedules.

Maximum Registration Period

Five years.

How to Pay

All fees must be paid in **GBP (£)** via the LSTM payment portal, Flywire:
<https://lstmed.flywire.com/>

Other Costs

MSc students undertaking a project may need to budget for travel expenses or consumables, depending on the type of project undertaken.

Using Standalone Module Credits

If you have completed standalone LSTM module(s) with assessment, you can transfer these credits towards an award (PgCert / PgDip / MSc). Tuition fees already paid for standalone modules will be deducted from the total award fee. Awards must be completed within the prescribed registration period.

For example:

- A student holding 20 credits from a core module and registering for a PgCert will have prior payments deducted from the total award fee.
